

MILLING SUPPORT

for Bench Milling Machine Types BF-S-59 and BF-V-59

The support is made of cast iron and it is mounted by means of two bolts similar to the fastening of the cutter head.

The ball-bearing centre is adjustable for setting the pressure on the milling arbor.

Max. movement underneath the support: approx. 110 mm. (approx. 4 $\frac{3}{8}$ "').

Price Sw. Kr. 260.—
